Mission Statement

To share Christ's love in the Carver Heights' neighborhood to God's glory.

History

Under the guidance of Rev. Walter Edwards, District Superintendent, CHM (Carver Heights Ministries) was born in December, 1999 as a Leesburg District UMC outreach.

We very quickly became ecumenical and presently have churches of 14 denominations working together to make CHM what it is today.

Children have been the primary focus of our ministry with the realization that their lives are influenced by family and others with whom they are associated.

***People have needs at all ages
and we strive to make life better.***

We connect with families, teachers and volunteers, while striving to make life better for the children of Carver Heights.
